

Website Perusahaan Pipo Agri Natura

1. About the Project

PT Pipo Agri Natura is an Indonesian agricultural commodity company focusing on supplying Indonesian agricultural products to international markets.

The website will be used as a professional company profile and B2B platform for international buyers.

The website should look:

- Modern
- Clean
- Premium
- Professional
- Natural
- International

2. Main Objective

The website should help visitors quickly understand:

Who we are → What we sell → Where our products come from → Our quality/process → How to contact us

The main target audience is:

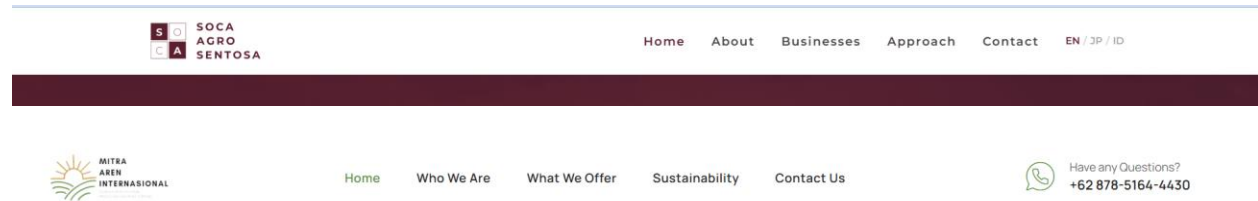

- International buyers
- Importers
- Traders
- Distributors
- Roasters / manufacturers
- Potential business partners

Guidelines:

Strengthen the storytelling while keeping it simple, clear, and straightforward. Use effective copywriting techniques to make the content engaging and professional without being too promotional. Avoid overclaiming and only include information that can be supported. Each page should have a clear flow, with buttons or CTAs that guide visitors to the next relevant page or section as they scroll.

3. Website Structure:

Home | About Us | Product Pipo Green Beans Coffee | Sustainability | Contact Us

Bagian 1

- **Headline**

PIPO AGRI NATRUA

We Export Indonesian Java Green Coffee Beans Worldwide.

Sub Headline

EG

PIPO connects Indonesia's agricultural origins with global markets, bringing locally sourced commodities closer to international buyers through reliable trade and professional service.

ID

PIPO menghubungkan sumber komoditas agrikultur Indonesia dengan pasar global, membawa komoditas yang bersumber dari produsen lokal lebih dekat kepada pembeli internasional melalui perdagangan yang andal dan layanan profesional.

Bagian 2

- Visi

“Present in everyday life by responsibly meeting the needs for agricultural commodities across global supply chains”

(Tampilan Visi hanya ditampilkan sedikit bagian)

Bagian 3

How we Work

- Transparency :

What You See Is What You Get

Every product has a story. From the farmers and producers we work with to the buyers we serve, we believe in making every detail visible.

- Quality

We focus on consistent standards and product quality, from one product to the next.

- ACCOUNTABILITY

We Stand Behind What We Deliver.

From the commitments we make to the products we provide, we take responsibility for every step along the way.

Example:

Transparency

We consider ourselves an **open book**. Whether facing the producers and producer groups we work with or the roasters who take care of their coffees.

Every coffee has a story, and we are here to share it!

Collaboration

Our work doesn't stop at the cupping table.

Working **hand-in-hand** with the producers in our network, we help them improve quality and find suitable markets for their coffees, while creating strong relationships.

Quality

Whether a classic regional, a fruity micro-lot or an exotic variety, all coffees that are purchased go through rigorous **Quality Control**.

We stand behind our offerings and give all of our coffees the same amount of love.

Bagian 4

- Our Products

- **Pipo Green Coffee**

- **Java Robusta & Arabica Green Coffee Beans**

Sourced from Temanggung, Central Java, our green coffee beans connect the rich origins of Java with coffee buyers worldwide.

- **Pipo Leaf**

- **Java Leaf**

Sourced from Temanggung, Central Java, PIPO Leaf brings Indonesian tobacco leaves to international markets.

B. About Us

Bagian 1

- About Pipo Green Coffee
Built for the Global Coffee Trade (Referensi Soca) Cari untuk Pipo Apa...

At a Glance

Established in 2026, PIPO AGRI NATURA connects Indonesia's agricultural origins with global markets through reliable sourcing, transparent trade, consistent quality, and professional export execution. We specialize in Robusta and Arabica green coffee, supplying international buyers with clearly specified and carefully selected products from Indonesia.

Peta Jawa atau Peta Jawa Tengah (Jangan kasih Point tapi Temmangungnya ketika di kasih courser laptop dia Peta nya naik ke atas)

(Gambaran nya jadi At Glance Ini di sisi kanan lalu di sisi kiri ada peta java beserta mengenai peta java temmanggunya)

Note Kecil di bawa peta:

- We source Arabica and Robusta green coffee beans from farmers and suppliers in Temanggung, Central Java.
- Kami menyediakan Biji Kopi Arabica dan Robusta dengan memegang banyak supplier dan petani.

(jadi nanti Product Pipo itu masih di about us tapi juga bergeser ke bagian atasnya itu ke product pipi tanpa pindah halaman)
